X-LINE

SAVORING ART DE VIVRE

ART DE VIVRE WITH INFINITE POSSIBILITIES

We are yacht builders, creators of dreams.

INTRODUCTION

Erwin BAMPS, PRESTIGE Vice President

For over 30 years, PRESTIGE has been creating exceptional yachts to match the aspirations of yachting enthusiasts all over the world.

Our yachts provide an answer to those who seek to navigate safely any of the seven seas, and prefer to do this in style and luxurious comfort. Offering maximum connectivity with the blue expanse, the large window areas and easy circulation around the vessel promote a true al-fresco lifestyle, blurring the line between indoor and outdoor living areas. We design, engineer and manufacture smart vessels, optimized to provide you the comfort of a home away from home.

The material selection invites to touch; the light-filled interior relaxes and rejuvenates; the ample space onboard tempts you to stay even longer at sea.

To achieve this, we have surrounded us with a select group of partners and suppliers that embrace the same passion for excellence. Working closely together, we are able to apply new technologies that enhance the life onboard and discover new materials that offer additional comfort and enjoyment.

It is our belief at PRESTIGE that, every now and then, everyone deserves a chance to recharge their batteries far from the hectic hustle and bustle of daily life, so that they can focus on what is really important - family and friends.

It's the reason we wake up every morning - to build yachts with the aim of bringing people into the water, connecting them, creating moments they will never forget.

And that in some of the most spectacular surroundings on this planet.

Erwin BAMPS, PRESTIGE Vice President

A PASSION FOR DESIGN

Our challenge was to invent a new style of yacht... and where, on board, we could feel as if in a loft, as if on an island in the sea...

> We design exceptional yachts, the reflections of a creative vision that has always driven us: the desire to create something lasting; timeless and always contemporary.

Valentina MILITERNO DE ROMEDIS

Unique interior design to inspire your next voyage.

Valentina MILITERNO DE ROMEDIS, the founder of The LAB Project, creates elegant design solutions by carefully selecting the best color combinations and associations of textures and materials. Refined interiors and trends that enhance comfort and well-being on board.

A REVOLUTIONARY CONCEPT

PRESTIGE and Garroni Design create a revolution in space and movement.

Redistribution and blending together of interior and exterior living spaces by greatly increasing the cockpit size. The X-Line enhances circulation and optimize space on the main deck.

This combination of architecture and layout is unique and provides an unparalleled experience.

This new concept in space offers ease of movement and increased comfort.

Integrating a full Beach Club into the aft platform providing additional entertaining space and a proximity to the water.

PRESTIGE REINVENTS SPACE ONBOARD

YOUR OWN PRIVATE ISLAND

The X-Line range redefines space, light and luxury with an emphasis on hand-selected materials and exceptional fit and finish.

Never before has the combination of innovative layout, bold lines and enhanced comfort been brought together in yacht this revolutionary.

Entertainment spaces flow throughout the flybridge and main deck and a wide-body master stateroom ensures sumptuous living.

Our yachts are designed to take you to where you want to be.

Motorisation technologies provides smooth, fuel-efficient cruising with exceptional maneuverability.

PRESTIGE IS THE PROMISE OF A DREAM, TO TAKE TO SEA AND ALWAYS FEEL AT HOME

Your private villa on the water. To ensure a lifestyle that blends interior and exterior living with a touch of luxury, PRESTIGE collaborated with select design partners.

From luxurious leathers to plush sofas, from relaxing seating to comfortable lounging, every detail is tailored to enhance life onboard.

RODA

An eco-responsible attitude with a high level of commitment.

An eco-manufacturing approach: an environmentally responsible process and the use of products with a low impact on the environment. Reduced consumption and emissions.

Fair trade & responsible commitment to the world's forests: use of natural materials.

INFUSION

Which traps solvents and prevents release of volatile organic compounds into the air. Core materials made for recycled plastics.

ECOLOGICAL PRODUCTS

Varnishing: low level of solvents and curing by UV lamps.

SUSTAINABLE WOOD

sourced from responsible management of the world's forests.

NATURAL MATERIALS

Fair-trade, bio/organic materials for bedding.

ECO PARTNERSHIP

Mona Lison (organic bed linen) -Villeroy & Boch (energy efficiency and choice of raw materials) -Foglizzo (preserves the natural beauty of leather).

RECOGNIZED LABELS

Certified for the quality of conception and construction, for environmental protection.

ECO DRIVE

Significant reduction in exhaust emissions: 30% less fuel consumption and 40% more autonomy.

YR
STRUCTURAL
WARRANTY

SERENITY

First class warranty: now and for the future.

The search for committed, ecologically sensitive partners: a high-end, ethical and organic alliance.

An engine system that provides maximum power and maneuverability while reducing fuel consumption.

Trust and reliability: worldwide renowned certifications and a world-class warranty.

Let yourself be captivated by the whispered luxury of the PRESTIGE X-Line.

TECHNICAL DATA

Overall length:	71' 7"	21,83 m		
Beam:	17' 6"	5,34 m		
Draft:	5' 7"	1,7 m		
Light Displacement:	73 634 lbs	33 400 kg		
Fuel capacity:	1057 US gal	4000 l		
Water capacity:	201 US gal	760 l		
Staterooms:	4 + Skipp	4 + Skipper option		
Engine:		VOLVO 2 x IPS 1200 - D13 900 HP VOLVO 2 x IPS 1350 - D13 1000 HP		
Designers:		Garroni Design / Valentina Militerno de Romedis / PRESTIGE Engineering		

Connected boat technology. Equipped with Searcapps

ENGLISH / Standard equipment

Exterior upholstery

- Natte taupe chalk
- Sunbrella nature grey

Woodwork

Walnut interior woodwork

Deck

- Stainless steel stem head fitting with anchor roller
- Anchor stop
 Electric windlass with wired remote in anchor locker (24V)
- Windlass controls at lower helm and flybridge
- Anchor locker with dedicated space for fender storage
- Stainless steel cleats (10)
- Stainless steel handrails
- Stainless steel rail
- Courtesy LED lights on sidedecks Mooring kit
- Anchoring kit
- 50kg anchor with 100m (328') of chain

- Bathing platform
 Hydraulic bathing platform
 Hot and cold shower
- Stainless steel bathing ladder

Cockpit

- Island lounge with weighted backrests
 Double sofa seats with two-tone upholstery
 Coffee tables in cockpit on stainless steel legs (2) Aft sun awning/closing kit electric roll in and out with carbon
- fiber poles

- Dual flybridge staircases
 Teak-laid cockpit flooring
 Stainless steel ladder to flybridge
- Access hatch to the engine room with gas struts
- Transom safety gate (2)
 Lateral door in coaming

- 2 marine stereo speakers
 Overhead LED lighting
 Courtesy LED lighting
 Stern docking winch (port)

Freshwater/saltwater deck washdown

Flybridge

- Helm console with engine throttles and maneuvering joystick,
 compass, 12V plug, cup holders and storage compartment
 Navigation electronics including: Autopilot, VHF, 2
- multifonction screens 22"
- Helm seats in carbon fiber • Stainless steel guard rails
- Persnex windscreen
- Exterior dining table with Laminam top and 6 RODA chairs
 Island lounge with weighted backrests
- Seating area
- 2 marine stereo speakers
 Galley with corian furniture, wood doors, storage, grill &
- fridae
- Courtesy LED lighting
 Hardtop with electric sunroof

Interior helm station

- Helm console with engine throttles and maneuvering joystick,
 full engine instrumentation, compass and cup holders
- Wireless charging station on console
 Navigation electronics including: Autopilot, VHF, 3
- multifonction screens 16", Grid 20
- Upholstered captain's chair
- Lounging area to port and starboard
- Windscreen wipers with intermittent setting and washers
- USB plugsSearchlight with remotes at each helm station Horn

Saloon

- Dining table with glass top and stainless steel leg
- Leather dining table chairs (6)
 Loggia electric window system to starboard & port
 Leather sofa Orange Hermès Cream Beige
 Sliding lateral door to starboard

- Aluminum venetian window blinds
- Handrails with handstiched Foglizzo leather wrap
- Natural hardwood oak flooring
- Radio / CD / MP3 with Bluetooth in saloon
- 2 stereo speakers

- Galley
 Stainless steel sink
- Mixing tap
- Miele appliances (blower fan, microwave oven, dishwasher and fridge/freezer)
- 3 burner induction cooktop Miele
- Cordless vacuum cleaner and charging station
- Galley worktop in Laminam
- Fridge (331L / 87 US Gal)
- Freezer (115L / 30 US Gal)
- Storage drawers and cupboards
- Natural hardwood oak flooring

Master stateroom

- Independent access via private stairway
- Double bed (196 cm x 170 cm / 6'5" x 5'7")
- Innerspring mattress
- Mattress battens
- 2 reading lamps
- Bedside tables with storage Large closet with shelving
- Walk-in closet with shelving
- Storage cabinet
- Dressing table with mirror and stool
- Sofa
- · Panoramic side windows with blinds, sheers and opening ports
- Removable carpet set

- Opening port

Guest stateroom

- 2 single berths (195 cm/ 69 cm 6'4" / 2'3") to port convertible in double berth
- 2 single berths (201 cm/70 cm 6'7" / 2'3") to starboard convertible in double berth
- Reading lamp
- Bedside table with storage
- Large closet with shelving
- Panoramic side windows with blinds, sheers and opening ports
- Removable carpet set Acoustic carpet underlay
- AC and USB plugs
 Soap dispenser & toothbrush holder Separate shower compartment
- Freshwater electric toilets
- Extractor fan • AC plua
- Opening port

Crew Accommodation - option

- Single berth (198 cm/ 140 cm 6'5" / 4'7")
- Storage closet
- · Separate bathroom with toilet, washbasin and shower

Additional holding tank (50L / 13 US Gal)

- · Crew door access from bathing platform
- Tactile graphic display for battery levels, AC sources, lighting and tank levels
- Direct access to engine room

Propulsion

- Joystick system for IPS
- IPS Nibral twin props
- Electronic power steering
- Electronic engine controls and throttles at each helm
- Single Lever, Cruise Control, Trim Computer and Low Speed
- Autopilot
- Bow thruster 24V dual prop (240 kgf/529 lbs.)
- Electric trim tabs
- Bronze seawater strainers
- · Forced air ventilation system for engine room

Electrical system

- Battery bank 24V Engine (120 A/h)
- AGM Battery bank 24V House (500 A/h)
- · Battery bank crossover switch at helm
- Ship Control Monitoring and control system connected to each MFD screen with dedicated 5" screen at entry Seanapps: connected box + mobile application for monitoring safety, navigation data, maintenance and comfort
- on board · Remote battery switches
- · Centralized distribution and breaker boxes for AC and DC
- systems AC shore power system
- Twin battery chargers 2 x 60A 24V
- Inverter 2000W
- LED interior and exterior lighting with dimmer switches • AC plugs in each cabin and in the galley and saloon

2 fuel tanks (aluminum) with interconnection valves (4000L /

- 1 057 US Gal) Fuel fills to port and starboard with crossover valve

• Remote shut-off valves in aft cabin

- Water system
- Freshwater tanks 760 L / 201 US Gal
- Hot water heater 120 L / 32 US Gal Freshwater pressure pump
- · Grey water sump pump with automatic discharge
- Dock water inlet with regulator
- Holding tank 290 L / 77 US Gal Holding tank vent filters Overboard discharge pumps for holding tanks with macerator
- function and deck pump-out
- Automatic bilge pumps (5) with high water alarm Manual bilge pump

- Systems · Chilled water air conditioning Mediterranean -
- 108,000 BTU Generator 17,5KVA 220V / 50HZ
- · Automatic fire extinguishers in engine room with control at each helm (Novec 1230)

- Construction
- · Infused GRP hull with longitudinal infused stringers Infused GRP deck with counter molding
- Isophthalic gelcoat
- Osmosis barrier Infused structural bulkheads
- Additional standard equipment User and Owner's manuals • Captain's briefcase with set of manuals Factory preparation and launching

North american specifications

- · Chilled water air conditioning incorporating reverse cycle heating - 111 000 / 114 000 BTU • 22.5kW generator with underwater silent exhaust
- · Glendinning cable management system Galvanic Isolator

- · Cathodic bonding system with dedicated anodes
